WHAT DO YOU HAVE IN YOUR HAND?

ONLINE BUSINESS STARTUP TRAINING.

PRACTICAL.

COMPACT.

COST-EFFICIENT.

PROMOTES EMPLOYMENT
AND ENTREPRENEURSHIP.

SUITABLE FOR ALL.

We want to help people to learn how to start a business where they are and with what they have. We want to help them find out what they can do for their livelihood with what they already have in resources and skills.

Our course encourages people to discover the possibilities they have for employing themselves. They learn the skills they need in order to start and run a business.

NEBA Business Start Up training is competence based. We help people to recognize their competences and develop the relevant competences. Average success rate in our blended learning training courses is usually from 60 % to 70% new businesses from all students.

MAKE A DIFFERENCE IN PEOPLE'S LIVES.

The course can be studied whenever and where-ever - all that is needed is internet access and a computer, tablet or a mobile phone. The study programme is compact and easy to use. This program is excellent also to be part of an university curriculum or a training course to be chosen on voluntary base by students. It is possible to tailor an academic program on your faculty's demand by modifying the content.

We have 25 years of experience in training entrepreneurs. We have seen over 3000 new businesses established in Finland after our courses.

Our training is focusing to build up the key qualifications. (learning, problem solving and self evaluation). With these competences our students will be better business professionals after the training.

What Do You Have In Your Hand training philosophy is suitable for any students, who has motivation and some skills to work with. Ask more about our training services for special groups also.

WITHOUT LEARNING THERE IS NO PROGRESS.

Education Finland Quality mark is an official authorization granted by the Ministry of Education in Finland.

In practice: the learning happens in an online environment. We can also provide a tailored blended learning training package. At the end of training students will either do the final examination which is available automatically or the students can write a business plan as an evidence of their learning. Neba can provide a traditional exams and evaluation tools if needed.
