Welcome to ECCO Philippines website! We at ECCO are passionate in making great shoes. From drawing the first sketches to presenting our finished shoes in ECCO stores around the world, we apply the utmost attention to detail and quality

#### Mission

At ECCO we are passionate shoemakers. We constantly aim to defy conventions. We strive to surprise, and we want to develop innovative designs and products – without having to compromise on the quality and comfort concept that lies at the heart of every ECCO product and indeed of our company.

We do not aim to be the biggest – we just want to be the best. We aim to generate profitable growth so that we can maintain the greatest possible degree of financial independence and the financial strength to pursue our long-term targets on our own terms.

ECCO's results are created by people who believe and are confident that they will shape the future by doing things differently. This approach was an important part of Karl Toosbuy's business philosophy and outlook on life, and it has characterised ECCO since our company's inception. Staying connected with the best feats of our past will help shape our future.
