ELIGIBILITY AND GUIDELINES :

ELIGIBILITY

- Businesses and organizations may nominate themselves or be nominated by another party.
- Nominated companies should have a Nordic affiliation through ownership or an ongoing partnership with a Nordic company
- **Nominations are open until 17 February 2022, 5:00 PM.**
- An entry can be submitted in only one category.
- Submissions become the property of NordCham Philippines. Submitted material may be used without limitations for the website, event marketing, social media, and podcasts.

GUIDELINES

Given to a company or organization that conducts business operations with the least negative impact possible on the environment, community, and society. The winning company or organization engages in environmentally-friendly pursuits at all aspects of the organization to guarantee that its processes, products, and production activities adequately address current environmental concerns while maintaining a profit.

The activities should go beyond charity and philanthropy, focusing on how the nominee makes their profit, rather than on how they spend it. The nominee looks beyond their bottom line to also consider the social and environmental implications of their activities. The activities implemented should be measurable and relevant to the core business of the nominee.

The Sustainability Business Partner of the Year Award is the Top Award of the year. The nominees are all entities with high focus and undeniable outcomes on the Sustainable Development Goals (SDG).

It is not a must that all 17 goals are covered, and the winning nominee will receive the award based on the overall impact on the Sustainable Development Goals (SDGs).

Note that the more SDGs engaged in, the higher probability of impact.

Provide a concise description in 500 words or less highlighting the main reason/s why the nominee deserves to be acknowledged for each goal.
